PERSONAL PROJECTS

Mini Music Application with React Native   September 30, 2023 – October 4, 2023
Access my portfolio to experience the app
- Github: github.com/lechihieu99/miniMusicApp
- Technology used: Javascript, ReactJS, React Native, Expo, ZingMP3 API, Web Server NodeJS, ExpressJS, MySQL
- Summary of project functions: 1 AfU mini format only has music player function, song search and update popular music charts

AfU Website - Entertainment Website   August 2, 2023 - August 22, 2023
http://192.168.137.1:3000/afuproject (Full features)
or https://lechihieu99.github.io/afuproject (Audio failed)
- Github: github.com/lechihieu99/afuproject
- Technology used: HTML, Tailwind CSS, Javascript, ReactJS, ZingMP3 API, Web Server NodeJS, ExpressJS, MySQL
- Summary of project functions: AfU (All for U) is an entertainment website for users, including utilities such as listening to music, playing games and interacting and connecting with friends. With that website, we want users to be able to enjoy all the benefits of the website, immerse themselves in unique music styles, play games of all genres and express their colors personal identity and thoughts through activities in the Community section
